WorkLB

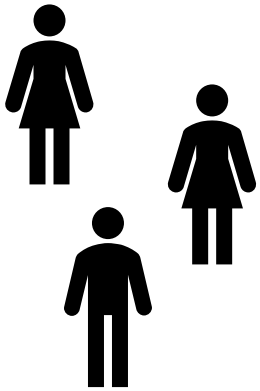
Work Long Beach (WorkLB) *is a new technology platform for innovating regional labor markets, developed and hosted by the Pacific Gateway Workforce Partnership, a non-profit organization of the City of Long Beach*

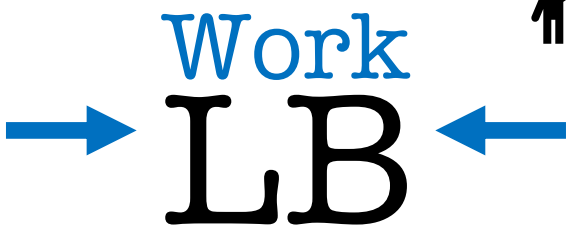
DAYTIME CHILDCARE DURING SCHOOL CLOSURES

With the sudden need created by COVID-19 school closures and stay at home orders, the City is using its new online jobs platform, **Work Long Beach,** to focus on providing working families with reliable childcare at home.

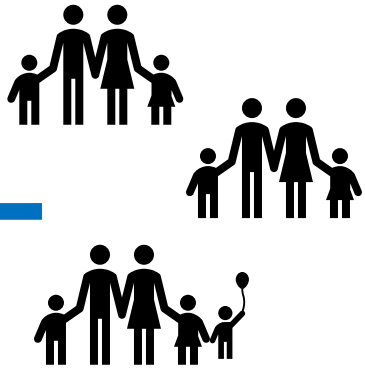
WorkLB is the public's new resource for obtaining vetted and experienced professionals at competitive rates. WorkLB connects you to trusted members of our community that, were it not for COVID closures, would normally supervise your children at local parks, schools and youth centers. They are all screened, trained on COVID prevention, and ready to provide your family with quality childcare.

Quality Childcare Professionals





Essential Worker Families



All childcare providers in WorkLB are

- Experienced in supervising children
- Holding current background check status
- Screened for COVID-19
- Trained in preventing COVID-19
- CPR-certified
- To provide daily health updates before shift

Whether you need to secure 4 hours or 40 hours of childcare, WorkLB is the public's resource for acquiring help from qualified childcare professionals at competitive rates.

Large organizations may negotiate reduced pricing and billing payments in order to ensure their employed essential workers obtain childcare without endangering elderly relatives or exposure to persons untrained in COVID prevention.
